

A man and a woman are sitting on a large, grey rock in the foreground, looking out over a vast, scenic landscape. The man, on the left, is wearing a brown jacket, a white cap, and sunglasses, and has a red backpack. The woman, on the right, is wearing a light blue denim jacket, a brown hat, and a brown backpack, and is pointing her right arm towards the distance. They are positioned on the edge of a large, calm lake that reflects the surrounding environment. In the background, there are steep, forested mountains under a clear sky. The overall scene conveys a sense of adventure and partnership in nature.

Client feedback

The service is excellent am a regular customer. The staff a friendly and very helpful. Have needed advice when on holiday definitely first class help.

Excellent policy and excellent service. I would recommend Go walkabout to my friends and family.

I has used Go Walkabout previously whilst volunteering in India, they were my first point of call to investigate long term cover abroad. No other company was able to offer anything remotely as flexible or as comprehensive as Go Walkabout. Hats off to you guys!

Easy website to use and a good product - various family members have used several times before.

I can thoroughly recommend this travel insurance agency. They managed to find a suitable policy for my daughter when she went to work for 2 years in a high risk job in Australia. And last week they sorted travel insurance for her for a trip to USA - half an hour before take off! Very happy with their calm and reassuring service.

Genuine feedback gathered by feefo and Google

Very clear on what is included in my insurance and easy to buy.

Fabulous customer service when I called on behalf of my son who is the policy holder. We were able to extend his policy easily to make sure he has cover to get home. Very helpful on the phone, and the processing was very easy. Like all insurance, you never really know how it is until you claim.

From a customer service perspective, I am really delighted. Speaking to a person rather than just filling in a form is a lovely change! I anticipate if we need further cover for a similar trip, we'll make this our preferred choice.

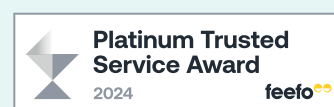

Excellent service.

I changed my plans and needed a different product. I emailed to ask if I should cancel and rebuy or if they could upgrade me and let me pay the difference. I got a quick and helpful response and I was all done within 1 exchange of email.

I took out insurance with Go Walkabout for my son's backpacking trip to Asia and Australia/New Zealand. The staff were very knowledgeable and helpful and policy was reasonably priced. Highly recommend.
